- The candidate will be required to obtain an overall CGPA of 3.000 or above for passing the Course work in (Term I, II and III)
- The candidate will start preparing a proposal under the guidance of his/her TAC.
- The candidate will be required to present his/her proposal to the TAC in Term-III and on approval of the same by TAC, the report will be examined by two other faculty members.
- Based on the written suggestion/feedback by two other faculty members, the candidate is expected to present a proposal seminar and successfully defend it within a period of six months from the date of completion of Term-III. However based on the progress report duly approved by the TAC, a six monthly extension can be given to the candidate, failing which, the candidate will be required to either repeat the course work or exit from the programme.

Requirements after completion of the thesis proposal defense

- After satisfactory completion of the thesis proposal defense, the student starts writing the thesis up to the satisfaction of his/her TAC.
- On completion of the thesis research, the candidate gives a public seminar, submits the thesis and defends the same.
- The thesis should be a scholarly contribution to the knowledge pertinent to the understanding and resolution of management problems. The participant should demonstrate professional competence in developing a model or a set of

hypotheses, collecting and interpreting data, reaching conclusions, and drawing the implications for research and managerial practices and maintain high level of academic honesty.

- The candidate will be required to submit his/her progress reports every six months after the end of Term III.
