The Heritage: INFORMS' Mission

VISION

INFORMS is a Learned Academic, Not for Profit Society. INFORMS is recognized as the premier organization for advancing the profession, practice and science of operations research and management science.

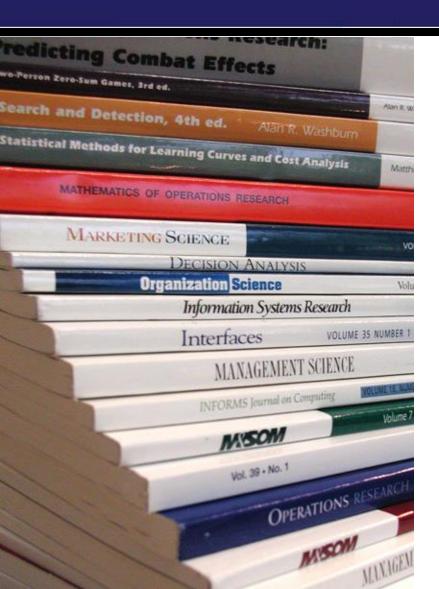

MISSION

INFORMS will advance the practice, research, methods and applications of OR/MS by:

- Encouraging, facilitating and rewarding excellence.
- Communicating every aspect of OR/MS to all appropriate audiences through journals, conferences, magazines, the internet and other appropriate media.
- Promoting the achievements and capabilities of OR/MS professionals to managers and executives, policy makers and the general public.
- Providing life-long education and career development opportunities to OR/MS professionals.
- Attracting the best people to the field of OR/MS and attracting those in the field to INFORMS.

Publications

Publications: 12 Journals

- Flagship Operations Research
- Flagship Management
 Science
- Decision Analysis
- Information Systems
 Research
- INFORMS Journal on Computing
- Interfaces

- Manufacturing & Service Operations Management
- Marketing Science
- Mathematics of Operations Research
- Organization Science
- Transportation Science
- INFORMS Transactions on Education

- Peer Reviewed
- Article Acceptance Ratio of 8% 12%
- Well ranked by Journal Citation Reports (JCR)/ISI
- Available online and in print
- Articles in Advance
- Legacy Archives
- Online to libraries via HighWire (Stanford University)

INFORMS Journals: Disciplines Covered

- Management
- 2. Production and Operations Management
- 3. Applied Mathematics
- 4. Game Theory
- 5. Supply Chain
- 6. Optimization
- 7. Economics
- 8. Marketing
- 9. Finance
- 10. Information Systems
- 11. Computer Systems

Contd...

- 12. Transportation Logistics
- 13. Operations Research
- 14. Business Analytics
- 15. Statistical Studies
- 16. Decision Analysis
- 17. International Management
- 18. Transportation Management and Engineering
- 19. Organizational Management
- 20. E-Commerce
- 21. Information and Library Sciences
- 22. Executive Education
- 23. Risk Management

Journal Rankings in their field:

- 1. Flagship Operations Research #7
- 2. Flagship Management Science # 3
- 3. Information Systems Research # 3
- 4. INFORMS Journal on Computing # 20
- 5. Marketing Science # 3
- 6. Mathematics of Operations Research # 21
- 7. Organization Science # 4
- 8. Transportation Science # 8
- 9. Decision Analysis (New Journal Not Yet Ranked)
- 10. Manufacturing & Service Operations Management (New Journal Not Yet Ranked)

Business School Related Rankings

- Financial Times ranked 40 top academic journals. INFORMS has five on the list:
 Management Science, Operations Research, Information Systems Research, Organization Science, and Marketing Science
- Business Week ranked 20 top academic journals. INFORMS has three on the list:
 Management Science, Operations Research, and Information
 Systems Research
- University of Texas Dallas ranked 30 top academic journals for accreditation purposes.
 INFORMS has seven on the list:
 - Management Science, Operations Research, Information Systems Research, Organization Science, Marketing Science, INFORMS Journal on Computing, and Manufacturing & Service Operations Management

INFORMS Flagship Journals

Operations Research topics covered:

- 1. Computing and Information Technologies
- Decision Analysis
- 3. Environment, Energy, and Natural Resources
- Financial Engineering
- 5. Marketing Science
- 6. Military and Homeland Security
- 7. Operations Research
- 8. Optimization
- 9. Policy Modeling
- 10. Public Sector OR
- 11. Revenue Management
- 12. Simulation
- 13. Stochastic Models
- 14. Supply Chain Operations
- 15. Telecommunications and Networking
- 16. Transportation

INFORMS Flagship Journals

Management Science topics covered:

- 1. Business Strategy
- 2. Decision Analysis
- 3. Entrepreneurship
- 4. Management Science
- 5. Operations
- 6. Optimization and Modeling
- 7. Produce Development
- 8. Simulation
- Social Networks
- Stochastic Models
- 11. Supply Chain Management

Marketing Science topics covered:

- Advertising
- 2. Buyer Behavior
- Channels
- 4. Competitive Strategy
- 5. Forecasting
- 6. Marketing
- 7. Marketing Research
- 8. New Product Development
- 9. Pricing
- 10. Promotions
- 11. Sales Force Management
- 12. Segmentation
- 13. Services Marketing
- 14. Targetability

Information Systems Research topics covered:

- 1. Computer-Mediated Communication
- Data Communications
- 3. Decision Support Systems
- 4. E-learning
- 5. Electronic Commerce
- 6. Information Systems Research
- 7. Information Technology
- 8. IT Diffusion and Adoption
- 9. Knowledge Management
- 10. Network Economics
- 11. Outsourcing
- 12. Software Development Methodologies
- 13. Systems Design and Implementation
- 14. Virtual Teams
- 15. Workflow and Process Management

Interfaces topics covered:

- Education
- 2. Finance
- 3. Management Sciences
- 4. Marketing
- 5. Military
- 6. MIS
- 7. Novel Applications
- 8. Operations Management
- Operations Research
- 10. Public Sector
- 11. Quality
- 12. Strategy
- 13. Supply Chain Management

Manufacturing & Service Operations Management topics covered:

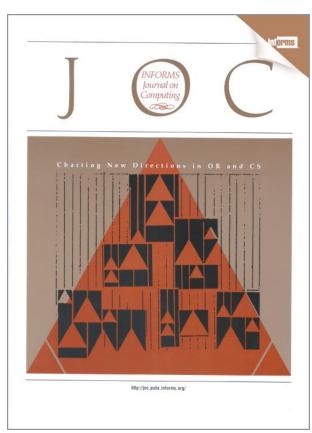

- 1. Control and Improvement
- 2. Operational Decision Making
- 3. Operations Management
- 4. Operations Strategy
- 5. Process Design
- 6. Supply Chain Coordination

INFORMS Journal on Computing topics covered:

- Computational Biology and Medical Applications
- 2. Computational Probability and Analysis
- 3. Computer Science
- 4. Computing
- 5. Constraint Programming and Optimization
- 6. Design and Analysis of Algorithms
- 7. Heuristic Search and Learning
- 8. Knowledge and Data Management
- 9. Modeling: Methods and Analysis
- 10. Simulation
- 11. Telecommunications and E-Commerce

Mathematics of Operations Research topics covered:

- 1. Continuous Optimization
- 2. Discrete Optimization
- 3. Game Theory
- 4. Machine Learning
- 5. Mathematical Programming
- 6. Operations Research
- 7. Stochastic Models

Organization Science topics covered:

- Organization Theory
- 2. Strategic Management
- 3. Sociology
- 4. Economics
- 5. Political Science
- 6. History
- 7. Information Science
- 8. Systems Theory
- 9. Communication Theory
- 10. Artificial Intelligence
- 11. Psychology

Transportation Science topics covered:

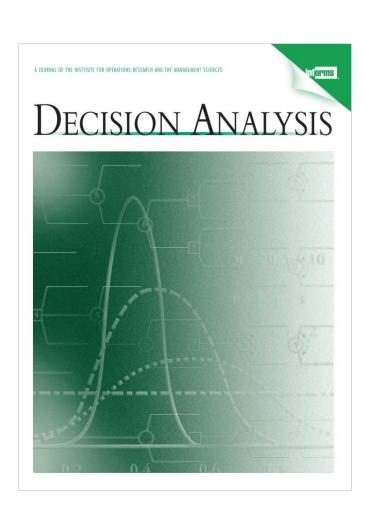

- 1. Bidding Systems
- 2. Fleet Management
- 3. Inventory Routing
- 4. Logistics
- 5. Risk Pooling
- Transportation Planning
- 7. Transportation Science
- 8. Transportation Systems
- 9. Transportation Systems Design
- 10. Vehicle Routing
- 11. Waiting Strategies

Decision Analysis topics covered:

- 1. Behavioral Decision Theory
- 2. Behavioral Finance
- 3. Consumer Behavior
- 4. Decision Analysis
- 5. Decision Theory
- 6. Experimental Economics
- 7. Game Theory
- 8. Neuro-Economics
- 9. Operational Decision Making

INFORMS Transaction on Education topics covered:

- OR/MS: Cases
- 2. Spreadsheet Applications
- 3. Review and Opinion Articles
- 4. Resource Reviews
- 5. Impacts of New Technologies
- 6. New Methods of Assessment in OR/MS Education

OR/MS Today

- INFORMS' news magazine
- Bi-monthly
- Contains current news, items of professional interest, announcements for upcoming meetings and events, other useful information

INFORMS Archives

- 1952-1997
- Covers nine journals
- 197 cumulative volumes
- 17,000 + Articles
- Complete, consistent XML tagging
- Backed up by an independent dark archive

Journals Covered

- Operations Research 1952
- Management Science 1954
- Transportation Science 1967
- Interfaces 1970
- Mathematics of Operations Research 1976
- Marketing Science 1982
- INFORMS Journal on Computing 1989
- Information Systems Research 1990
- Organization Science 1990

Thank You!
