Part III – Querying the Database By –

1. M&A Deals

a. Search By Category Filters/Custom Filters.

Category Filters include Industry, Deal Type, Target Type, Country, Deal Range and Deal Period. – Which can be used IN COMBINATION for each search. Leaving any search filter empty automatically assumes "ALL" for that filter.

Custom Filters include Acquirer, Target Company / Sector, Advisors and Search More Info. Custom Filters can be used to make specific queries regarding a particular Acquirer, company/sector or Advisor.
