Corrigendum: 1

Tender Reference No. : IIMI/Estate/05/2023/146 File No. 409

Tender Title : "Replacement of non-functional solar water heating system by 2 x 500 LPD tanks"

Reply for Query:

| Query | Reply |
|--|--|
| <p>1) SS tank comes with warranty while GI tank are coming with Guarantee.</p> <p>2) Already you are suffering from SS tanks in previous installations, so I recommend you to go for GI tank with 2.5mm thickness along with zink & glass emulsion coating so that you can get 8 years replacement (piece to piece) guarantee against any leakage on to it.</p> <p>3) Even in your previous installations while trying for stopping leakage in SS tanks through welding leakage was continuously increasing therefore you should not go with SS tanks in new required installation of solar water heater</p> | <p>No changes made in this regard. Items remain same as mentioned in tender document</p> |
