

Indian Institute of Management Indore

INTEGRATED PROGRAMME IN MANAGEMENT (IPM) TERM: VI

TITLE OF THE COURSE: DEVELOPMENT ECONOMICS
CREDITS: 4

COURSE DESCRIPTION

This course is intended to familiarize students with the issues in development economics. Emphasis will be laid on introducing features associated with development and underdevelopment, various theories of economic growth, and distributional as well as institutional aspects of economic development.

COURSE OBJECTIVES

The course aims to provide students with a well-rounded view of economic aspects of development. At the end of the course, students are expected to understand the features of development; understand and interpret various development indicators; understand the micro-economic foundations of underdevelopment and the policy measures that could facilitate economic development; and familiarize themselves with various data sources and applications related to economic growth and development.
