Faculty Development Programme

Financial Management: Teaching and Research Perspective

September 20 to October 1, 2021 (Online Mode)

About FDP: Indian Institute of Management Indore (IIM Indore) is committed to providing research and teaching skill enhancement programmes for fellow faculty of business schools in India. The Faculty Development Programmes (FDP) at IIM Indore are carefully designed to bridge the gap in quality research and teaching skills that are required in contemporary management education in India.

Objectives: Faculty development programs (FDP) help to strengthen the professional development of the faculty members and their academic carrier. Financial Management: Teaching and Research Perspective is an intensive four days FDP to enhance research and teaching capabilities of finance faculty members of management education in India. This FDP aims to equip management educators in the domain of finance and accounting with subject-specific knowledge, research design, emerging empirical issues, and analytical tools to enable them to be better facilitators and researchers. This four day in campus FDP will provide exhaustive learning in areas such as financial management theories, strategic financial management, advanced data analytics, research methodologies, finance case study writing, and teaching. This program will help to feel the void of competent finance faculty with research bent of mind in the management education domain. The primary focus of this FDP will be to upgrade the teaching, training, case writing, and research skills of finance and accounting faculty members. This FDP has been designed to motivate the current and prospective finance and faculty members of management institutes, universities, and colleges to have intense research and teaching orientation in finance education.

HOW TO ENROLL

Applicant willing to participate in the programme shall enrol themselves by filling the online application form available on the website. Last date for submission of application is September 4, 2021. The applications are not complete until receipt of programme fee. Incomplete applications will not be processed.
