

# Indian Institute of Management Indore

Integrated Programme in Management

TERM: IV

**TITLE OF THE COURSE:** Psychology 2

**CREDITS:** 3

---

## **COURSE DESCRIPTION**

Psychology 2 is constructed on the presumption that you as an IPM student aspire to be an effective leader. Organizational leadership requires a deep and nuanced understanding of how different people behave in organizational setting. To cherish individual differences, the course focuses on understanding of personality and abilities in terms of creativity, aptitude and intelligence. It will also focus on process of wellness and excellence through learning concepts such as virtues, value, positive emotion, self-esteem, well-being, coping with stress and resilience.

## **COURSE OBJECTIVES**

This will be an activity based experiential course to provide students with a basic overview of individual difference in terms of personality and abilities. It will highlight current debates and issues related with managing diversity by focusing on individual difference, wellness and excellence.
