

CERE 2018
9TH CONFERENCE ON EXCELLENCE IN RESEARCH AND
EDUCATION

GUIDELINES FOR SUBMISSION

1. Please submit an extended abstract of the paper in not more than 2000 words (excluding tables, figures and references).
2. Your extended abstract should cover the following abstracts: (a) the study hypothesis (if applicable), (b) brief literature review, (c) methodology adopted, (d) empirical or theoretical results and (e) implications for theory and practice. Incomplete submissions will not be sent out for review.
3. Formatting of extended abstract
 - a) The entire extended abstract submission (title page in the Title case, abstract, main text, figures, graphs, tables, references etc. must be in ONE document using one of the following formats: Portable document format (.pdf), Microsoft word (.doc, .docx).
 - b) Figures, graphs, tables, appendices, and references, should follow the American Psychological Association (APA) style guide.
 - c) Use Times New Roman 12-point font, double spaced .1-inch (2.5 cm) margin all around, and 8.5"*11" page setting. References may be single spaced.
 - d) To facilitate the blind review process, remove ALL author-identifying information, including acknowledgments, from the uploaded document. Self-references that give away the authors' identity should also be avoided. If self-referencing is essential it should be in third person.

Note: Extended abstract that do not follow the above instructions will NOT be reviewed.

IMPORTANT NOTES AND CODE OF ETHICS

1. If an extended abstract is accepted, at least one of the authors must register to attend the conference.
2. At the time of Submission, submitted extended abstract must not have been previously presented or scheduled for presentation at any other conference.
3. Submitted extended abstract must not have been published or accepted for publication. If an extended abstract is under review, it must NOT appear in print before conference.
4. It is the duty of authors conducting research to design, implement, analyze, report, and present their findings rigorously. Research rigor includes careful design, execution, analysis, interpretation of results, and retention of data.
5. Presentation of research includes honest treatment of data that reveals both strengths and weaknesses of findings.
6. Authorship and credit should be shared in correct proportion as per the contribution of various parties. Whether published or not, ideas or concepts derived from others should be acknowledged, as should advice and assistance received.
7. Authors should also guard against plagiarizing the work of others.
8. All extended abstract to be submitted via Easy Chair (<http://easychair.org>)
