

## FPM (INDUSTRY) 2015

**Name:** Sudhir Vijayakumar Madhugiri

**Area:** Information Systems

**E-mail:** [fi15sudhirm@iimidr.ac.in](mailto:fi15sudhirm@iimidr.ac.in)

**Educational Qualifications:** Sudhir earned a distinction in his BE degree in Mechanical Engineering from University Visvesvarayya College of Engineering (UVCE), Bengaluru in 1999

He graduated from S.P.Jain Institute of Management & Research, Mumbai in their flagship two-year full-time PGDM programme specializing in Information Technology and Operations Management

Sudhir is a Certified Talent Transformer, PRINCE2 Practitioner, P30 expert, Managing Successful Programmes expert, ISO 27001 Lead Auditor, TOGAF practitioner, Lean champion amongst other company specific qualifications he has earned at Wipro & Infosys.

**Overall Experience:** 14 Years

**Present Employment:** Since 2005, Sudhir has been working in Wipro's consulting business and is based out of Bengaluru. He has worked on and led consulting engagements across wide variety of industries and functional areas for Wipro's global customers till 2009. Between 2009 and 2012, he was the Regional Practice Head anchoring a Practice which serviced Government of India and State / UT governments. Assignments spanned strategic direction setting, operational excellence recommendation and programme management of large implementation projects in e-Governance area. Since

2012, as a part of COO's office, he anchors special initiatives aimed at bottom line improvements and bringing agility in Wipro's processes and systems.

**Previous Employments:**

Sudhir began his career as a software developer at Infosys in 1999 and quickly grew up the ranks to play the role of Onsite coordinator. He worked for clients such as Apple Computers, North Western Mutual and Swiss Re over a period of 2.5 years. As an additional responsibility, he anchored evangelization of Knowledge Management (KM) practices and processes for the Business Unit he was working for. Subsequently, for a year, he played the role of a KM Process Architect and Process Evangelist for Infosys as a part of the Corporate KM Team anchoring a successful corporate-wide initiative for introducing KM across the project lifecycle in all projects at Infosys in 2002-03.

**Profile Summary:**

Sudhir has extensive knowledge in business and technology consulting, programme management, teaching and large group facilitation. He has played crucial roles in recovering programmes and aligning them onto a path of success. He enjoys mentoring youngsters and facilitating the journey of learning.

**Papers & Tutorials:**

Sudhir has been invited for guest lectures and participation in FGDs in many prestigious institutions such as IIM-Bengaluru, IIM-Indore, SPJIMR and KIIT University. He has taught full credit courses in IIM-Indore since 2012 in the area of Cloud Computing and Emerging technologies. He has been a faculty for courses anchored by National Institute for Smart Governance & IMG-Kerala aimed at enabling Government officials on e-Governance. He regularly blogs on his social media profiles and has few papers and case studies in various stages of development.
